RESONANCE 2026

Jonathan Byers' click Photography

Theme "Capture The red" :
The theme "Capture the RED", inspired by the Stranger Things, is about using the color red to create mood and meaning.

The use of red can be through lighting, environment, or subject, but it should contribute meaningfully to the overall composition rather than appearing as a random or purely aesthetic element.

Your photo should feel mysterious, tense, or slightly unsettling. Use red in a way that supports the story, not just for looks.

Prize Pool : ₹1,200 (1st PLACE)
₹800 (2nd PLACE)
Entry : ₹ 50

Rules & Regulations :

- 1. Permitted Devices: Participants may capture photographs using any device, including DSLR, mirrorless cameras, or smartphones.
- 2. File Format: All submissions must be in JPEG or PNG format only.
- 3. Composition Requirements: Photographs must adhere to one of the following aspect ratios:
  Landscape (16:9)
- 4. Editing Policy: No editing is allowed. Images must be submitted in their original form. Any form of post-processing, filters, manipulation, or enhancement will result in disqualification. (Yes, this is strict—but at least it's enforceable and clear.)
- 5. Prohibited Content: The following will lead to immediate disqualification:
  AI-generated images
  Photo compositing or image blending
  Any manipulated or digitally altered photographs
- 6. Entry Limit: Each participant is allowed to submit only one photograph. Multiple submissions will not be accepted.
- 7. Submission Process: Participants must submit their photograph via Google Drive (submission link will be shared). Further instructions and updates will be communicated through the official WhatsApp group.
- 8. Originality Requirement: All entries must be original work captured by the participant. Plagiarism, copying, or previously published work will lead to immediate disqualification

RESONANCE 2026

Judging Criteria :

- Creativity
- Originality
- Relevance to Theme
- Quality
- Overall Appeal & Engagement
