VECNA'S COLOSSEUM

RESONANCE 2026

VecNA'S COLOSSEUM
(Robo Sumo)

OVERVIEW:

- Timely Arrival: All teams must arrive on time; failure to do so may result in elimination.
- Team Composition: Each team can have a maximum of 4 members, with one designated robot handler who alone controls the robot during the game.
- Respect Game Boundaries: All other team members must stay outside the game zone.
- Match Format: The competition follows a knockout format, where teams are eliminated after losing a match.
- Fair Play: Any misbehavior, deliberate interference with other robots, or damage to the arena will result in disqualification.
- Respect for Officials: All decisions regarding scoring, gameplay, timing, and participation made by the Organizing Committee and judges are final.
- Robot Compliance: The robot must follow all size, weight, and power specifications as stated in the competition guidelines.
- Technical Time: In case of robot damage, teams can claim a 1minute technical timeout. (there might be changes in the allotted technical timeout depending upon scheduling or fixture time management)
- Scoring System: If a robot is pushed out of the ring points will be awarded to the opponent (based on the position and direction of bots). An 8-0 lead results in an immediate victory.
- Final Decision: Judges' decisions are final and must be respected by all teams.

PRIZE POOL : ₹20,000 (1st: ₹12,000 | 2nd: ₹8,000)
ENTRY : ₹350

RULES:

- A. Robot Specifications:
- The robot must be manually controlled (wired or wireless).
- It must adhere to the size limit
- Length: 350mm
- Width: 350mm
- Height: 300mm

RESONANCE 2026

- The maximum weight of the robot is 5 kg No size or weight tolerance is allowed.
- The use of batteries exceeding 3S LiPo is prohibited.

B. MATCH GAMEPLAY:

- The match consists of two halves of 1.5 minutes each.
- Robots must push the opponent out of the ring to score points.
- If a robot is outside the ring, it is considered out.
- After each point, robots return to default positions before resuming.
- The first team to reach an 8-0 lead wins immediately.
- If the match ends in a tie, a special tie-breaker round will be played, where the first team to score wins.

C. ARENA SPECIFICATIONS:

- The total arena size is 8ft × 8ft
- The playable area is a 7ft diameter ring at the center
- Robots will start outside the ring before the match begins

D. DISQUALIFICATION CRITERIA:

- Deliberate interference with other robots or damage to the arena will result in disqualification.
- Misbehavior by participants can result in removal from the competition.
- Failure to comply with robot specifications or exceeding battery limits can lead to disqualification.

E. WIRED BOTS (IF APPLICABLE):

- The participant holding the bot is not allowed to pull or tamper with bot's position using the wire. If so happens and is appealed and proved to the referee, 2 points of the team would be deducted.

F. FINAL AUTHORITY:

- All decisions made by the judges and organizing committee are final and must be respected.

CO-ORDINATORS:
