
The Starcourt Battle
(Robo Soccer)

Prize Pool : ₹15,000 (1st: ₹10,000 | 2nd :₹5,000)
Entry : ₹300

Guidelines:

- **Team Composition:**
  - Maximum 4 members per team
  - Only 1 operator allowed during a match
  - Remaining members must stay outside the arena boundary
- **Game Duration:**
  - Each match consists of two halves of 1.5 minutes each
  - Halftime duration: 30 seconds
  - Teams switch sides after halftime
- Winning Criteria: Team with the highest number of goals at full-time wins
- Tie-Breaker- Golden Goal: First team to score in extra time wins

Gameplay Rules:

- Start of Play:
  - Robots must remain stationary at designated starting positions
  - Ball is placed at the center
  - Match begins on referee signal

- **Stoppage Conditions:**
  - Ball stuck for more than 10 seconds → referee reset
  - Robot immobilized for more than 10 seconds → considered inactive and forced into technical or warnings or referee reset.
  - Robot flips → referee reset
  - Robot goes out of bounds → referee reset
  - Debris hindering play → referee reset

- **Goal Validation:**
  - A goal is counted when the ball completely crosses the goal line
- **Post-Goal Reset:**
  - Robots return to starting positions
  - Ball placed at center

Fair Play & Penalties:

- Prohibited Actions:
  - Intentional ramming (off the ball, excessive force)
  - Flipping or lifting opponent robots (off the ball, intentional)
  - Damaging the arena or other robots
  - Blocking opponent without attempting to play the ball
- Penalty System:
  - 1st offense: Warning
  - 2nd offense: Yellow card
  - 3rd offense: -1 goal penalty
  - Severe or repeated offenses: Disqualification

Robot Specifications:

- Size Constraints: Maximum dimensions: 300 mm × 300 mm × 300 mm (including clamps). No tolerance allowed.
- Weight: Maximum weight: 5 kg
- Power: Maximum battery: 3S LiPo. No external power sources allowed
- Control: Wired or wireless control permitted. Wired robots must use cable ≥ 2 meters and remain slack
- Safety Requirements: No exposed wiring or sharp edges

Arena Specifications:

- Dimensions:
- Boundaries: Fully enclosed arena. Ball out-of-play → referee reset
- Wall Interaction: Ball or robot pinned against wall for more than 10 seconds → reset

Ball Control Rules:

- Ball must remain visible at all times
- No trapping under the robot
- No active gripping or kicking mechanisms
- No energy storage mechanisms (springs, flywheels) for ball propulsion
- The ball must freely exit the clamp when the robot reverses
- The robot must not retain or enclosed the ball in a way that prevents an oppnent from making a direct play on it

Clamp Specifications:

- Minimum base width: 10 cm
- Maximum base width: 20cm
- Maximum depth: 5 cm
- Must be stationary (no moving parts)
- Clamp angle must be approximately 90°
- Maximum clamp length: 8cm
- No deformable or flexible gripping structures

Technical Inspection:

- All robots must pass inspection before competing:
  - Dimension and weight verification
  - Safety compliance check
  - Verification of originality (no prohibited kits)
- Failure to comply:
  - Teams will be given limited time to rectify issues
  - Failure to meet requirements may result in disqualification
- Random inspections may be conducted at any stage of the event.

Restrictions:

- No LEGO or pre-assembled kits
- No adhesives, suction, or magnetic mechanisms
- No intentional RF interference
- No autonomous operation unless specified

Repair Policy:

- Teams are allowed 2 minutes for repairs
- Failure to repair may result in penalties or match forfeiture
- Referee determines validity of technical issues

Code of Conduct:

- Operators must remain within designated control zone
- No verbal or physical interference with opponents
- Referee decisions are final and binding
- Timely Arrival: All team must arrive on time; failure to do so may result in elimination

Disqualification: A team may be disqualified for:

- Repeated rule violations
- Unsafe robot design
- Intentional damage or misconduct

Final Authority:

- The organizing committee holds final authority on all matters
- All timers will be started and ended on referee's discretion.

Co-ordination & Contact:

- Event coordinators will be available for assistance
- All disputes must be directed through official channels

Co-ordinators:

- SHARON SHIBU - 9511226972
- SADANAND MIRASH - 9322928472
